Illicit Discharge Detection and Elimination Policy

Resolution 2022-21-PT Adoption Request

Jason Jordan, Director, Environmental and
Planning Services

December 15, 2022

- Adopt Resolution 2022-21-PT, an Illicit Discharge Detection and Elimination (IDDE) policy for the Port of Tacoma's Municipal Separate Storm Sewer System (MS4) permit.

Background – Why This Request

- Port of Tacoma is subject to MS4 permit
- Condition S6.E.3.b requires the Port create an Illicit Discharge Detection and Elimination Program
 - The policy was last updated in 2015
 - The attached policy was updated this year
- Ecology Guidance suggests agencies have the policy adopted by their governing body
 - This is our request for adoption

- Adopt Resolution 2022-21-PT, an Illicit Discharge Detection and Elimination (IDDE) policy for the Port of Tacoma's Municipal Separate Storm Sewer System (MS4) permit.
