# Resolution 2025-07-PT: Approve Port of Tacoma Strategic Plan 2026-2030

Deirdre Wilson, AICP, Director, Planning & Permitting

Port of Tacoma Commission Meeting

Date: July 15, 2025

Staff request Commission consideration and approval of the  
2026-2030 Port of Tacoma Strategic Plan and Resolution 2025-07-PT.

The Port engaged Parametrix to assist with developing an update of its current Strategic Plan.

Parametrix has supported project management, internal/external engagement, development of a Situation Assessment and drafting a Vision statement.

If approved by the Commissioners, the updated 2026-2040 Strategic Plan will help inform the 2026 budget process.

Based on Commissioner feedback, internal/external feedback, and a Situation Assessment Report:

## NEW Vision statement

The Port of Tacoma is a national model for innovative solutions, job creation, customer service, and environmental sustainability for generations to come.

## NEW Foundational Goal

Workforce Development: Partner with local and regional organizations to facilitate career development in the maritime, logistics, manufacturing, and construction trades.

# Key Project Dates

Date	Activity
