## DRAFT - NWSA 2021 COMMISSIONER WORK GROUPS

Work group membership is guided by Commissioner interest, expertise and a commitment of rotation every 1-2 years, to help promote collective growth of knowledge, diversity and experience. We also seek in 2021 to have more regular report-outs by work groups to the other commissioners in the monthly public meeting.

There are 7 current work groups and this proposal consolidates Orcas into Environment for 6 Work Groups in 2021; work group names have changed slightly for Environment, Internal Governance and Legislative. Yellow highlights flag the edits in the list of Work Groups below.

Based on the NWSA Public Meeting on November 3<sup>rd</sup>, homeport commissions will discuss the NWSA work group memberships and preferably return their feedback to the NWSA by December 1<sup>st</sup>. This approach will permit consideration of other demands such as homeport committees, board memberships, community obligations, etc...

As further reminder, your November 3<sup>rd</sup> discussion included suggestions to consider work groups for transportation and competitive advantages of the Canadian Gateway, amongst potentially others. Staff would caution adding more work groups due to current commissioner workload and calendars, but we recognize these are both key issues requiring focus and work in 2021. We would suggest an attempt to incorporate this suggestion in the 'Growing the Gateway' and 'Legislative/Competitiveness' Work Groups, but we are happy to discuss ways to provide additional focus on these issues within them.

Relatedly, some will be worked together as ten commissioners. As FYI and example, following up the Cargo Forecast discussion, staff will return in December with some additional analysis of the NWSA competitive advantages and disadvantages with Canada and other key US gateways.

Ultimately these are the Managing Member Work Groups and yours to decide. Please note the commissioner names in the 2021 document reflect current membership and their inclusion make your review easier; their presence here does not pre-suppose the 2021 memberships.

**AUDIT COMMITTEE:** (NWSA Audit Committee is comprised of POS/POT Audit Committee members)

**Chairs:** Marzano / Calkins

**Vice Chairs:** Keller / Bowman

### **2021 NWSA COMMISSIONER WORK GROUPS:**

1) **ENVIRONMENT / ORCA / SUSTAINABILITY:**

Sustainability strategies shall strive to reflect both environmental/community needs and the commercial/financial impacts

Ang                      Cho  
Meyer                  Felleman

2) **GROWING THE GATEWAY:**

Labor / Terminal Operator Productivity / Business Innovation Strategy, including Alternate Cargo Growth & Maritime Support Opportunities

McCarthy              Bowman  
Marzano                Calkins

3) **INTERNAL GOVERNANCE / BUDGET & FINANCE:**

Master Policy Review, By-Laws Review, Other Internal Matters including Finance & Budget guidance  
(Proposal -- Co-Chairs automatic members unless otherwise designated)

McCarthy      Calkins  
Keller          Steinbrueck

4) **LEGISLATIVE / GATEWAY COMPETITIVENESS:**

Provides staff a policy-input mechanism for emergent demands of the state legislative session, congress and locally on some occasions

McCarthy      Bowman  
Marzano       Calkins

5) **TRIBAL LIAISONS:**

McCarthy      Steinbrueck  
Ang              Felleman
