Surplus Whirley Crane Parts

Presenter: Ricardo Charlton
September 21, 2017

ACTION REQUESTED

Declare the storeroom inventory parts associated with the Whirley Cranes as surplus inventory and authorize the CEO to dispose of these items in the most effective and efficient manner.

BACKGROUND

- Whirley Crane asset # 2241 was manufactured in 1941, and installed on Pier 25 in 1966. It was sold to Trident Seafoods January 1, 2016.
- Whirley Crane asset # 2512 was manufactured in 1942, and installed on Pier 25 in 1973. It was sold to Trident Seafoods January 1, 2016.

BACKGROUND

- July 2015 (Resolution 2015-06), the Commission authorized a surplus action of two (2) Whirley Cranes.
- The Port subsequently sold the cranes using an online public auction process.
- At the time of the surplus action, it was determined Port of Tacoma ILWU 22 would continue to perform maintenance per the collective bargaining agreement, so the storeroom inventory parts were retained.

BACKGROUND

- December 2016 the Port of Tacoma and Trident Seafoods entered a new lease.
- Based on the minimal amount of continued maintenance, ILWU 22 (Port of Tacoma Maintenance) agreed to give up jurisdiction over this work.
- The existing inventory of storeroom parts for the Whirley cranes can now be disposed of as surplus.

SCOPE OF WORK

- Remove crane parts from the Port's inventory database
- Physically remove the inventory from the storeroom shelves
- Surplus the inventory:
 - 10 days before holding the public hearing, there shall be published a public notice in advertisement form, setting date, location, and time of the hearing (RCW 39.33.020).

FINANCIAL SUMMARY

- The existing value of storeroom parts for the Whirley Crane in December 2016 was \$123,708.21.
- This amount was expensed in 2016.
- Any proceeds from the surplus action will be recognized at the time of surplus as a non-operating revenue.

NEXT STEPS

Remove the inventory from the database, shelves, and post the surplus.

ACTION REQUESTED
