**3) Scope of Services to be provided by POT to The NWSA**

- a) Municipal, county, and state organizations (collectively “Third-Party Users”) occasionally have need for temporary use of property licensed to The NWSA for lay-down, staging, and other activities in support of major capital improvement projects. Such use is formalized via a written agreement typically in the form of a Temporary Construction Easement (TCE). Depending upon the duration, scope of use, and agreement terms, payment by the Third-Party Users for use of the property may be made directly to the POT as the property owner. In such cases, these payment funds should be transferred to The NWSA as licensee/agent for the property. In the year ahead, POT expects to receive funds from the Washington State Department of Transportation (WSDOT) relating to a Temporary Construction Easement (TCE) between POT and the Washington State Department of Transportation for the SR 167 Project. NWSA is expected to participate in these negotiations. The TCE establishes the amount that WSDOT will pay for TCEs on related POT properties including those licensed to NWSA. In the event other TCEs are paid directly to POT for use of NWSA licensed-property, payment for such TCEs, shall be transferred by POT to NWSA pursuant to the terms of this exhibit.
