

## COMMISSION AGENDA

**ACTION ITEM No. 8 D**

**Date of Meeting June 18, 2020**

**DATE:** June 18, 2020

**TO:** Port of Tacoma Commission

### A. SYNOPSIS

This is the annual Commission consideration of proposed revisions to the Master Policy Resolution, Delegation of Authority. Clean and redlined versions of the proposed revisions are attached as **Exhibits A and B**, respectively; a Chart comparing the two versions side by side, with rationale for each change is attached as **Exhibit C**.

### B. BACKGROUND.

This Port of Tacoma consideration follows the in-depth review of the Northwest Seaport Alliance (NWSA) Master Policy, Delegation of Authority. While a large part of the Port Master Policy in substance mirrors that of the NWSA, certain topics in the Delegation are unique to the Port. For that reason, the **Exhibit B** Redlined Resolution and **Exhibit C** Chart calls out the following categories:

- **NWSA** Indicates this change is undertaken to align with policies that matches that adopted by the NWSA, either during this recent review or earlier.
- **Port Only-** Indicates this language appears only in the Port and not the NWSA Master Policy. This includes text changes and also calls out Port specific language, even where no change is proposed, to highlight structural distinctions between the entities. (Examples: real property ownership, environmental remediation, etc.)
- **New-Port only** Indicates this is a new language change, that appears only in the POT Master Policy
- **Clarification** Indicates a text change to clarify intent, but where substance isn't

affected.

- Scribner- Indicates minor text changes to correct citations, clean up grammar etc.
- Statutory Update- Indicates update due to statutory change (surplus dollar threshold)
